3RD GRADE AIMS READING RESULTS

The goal for 3rd grade AIMS reading is 94% of students passing in 2020. This goal is an increase of 22 percentage points from 72% passing in 2009. Assuming a linear increase across the 11 intervening years (2010 - 2020), the statewide percent passing in 2012 should be 78%. This is 3 percentage points higher than the actual 2012 performance of 75% passing.

NATIONAL ASSESSMENT OF EDUCATIONAL PROGRESS (NAEP) ASSESSMENT RESULTS

Arizona is ranked 46th in reading and 44th in math (for the percentage of students achieving a score of basic or better) among the 50 states and DC for the 4th grade NAEP assessment.

Suggested Changes:

- 1) Information on strategies in use
- 2) Access to organizations working on education

Discussion

- ▶ How can we get more people to check the Report Card when discussing education?
- ▶ How can we let people know all of the information available there?
